MAD OUT COFFEE TABLE
DIGITAL CATALOGUE

A completare la collezione di imbottiti Mad Out, disegnata da Marcel Wanders, è l'omonima serie di tavolini. Il piano in pietra lavica, in due diverse tonalità che dipendono dalle altissime temperature di cottura, può essere impreziosito da un decoro in polvere di vetro, che crea un interessante contrasto tra superfici opache e lucide.

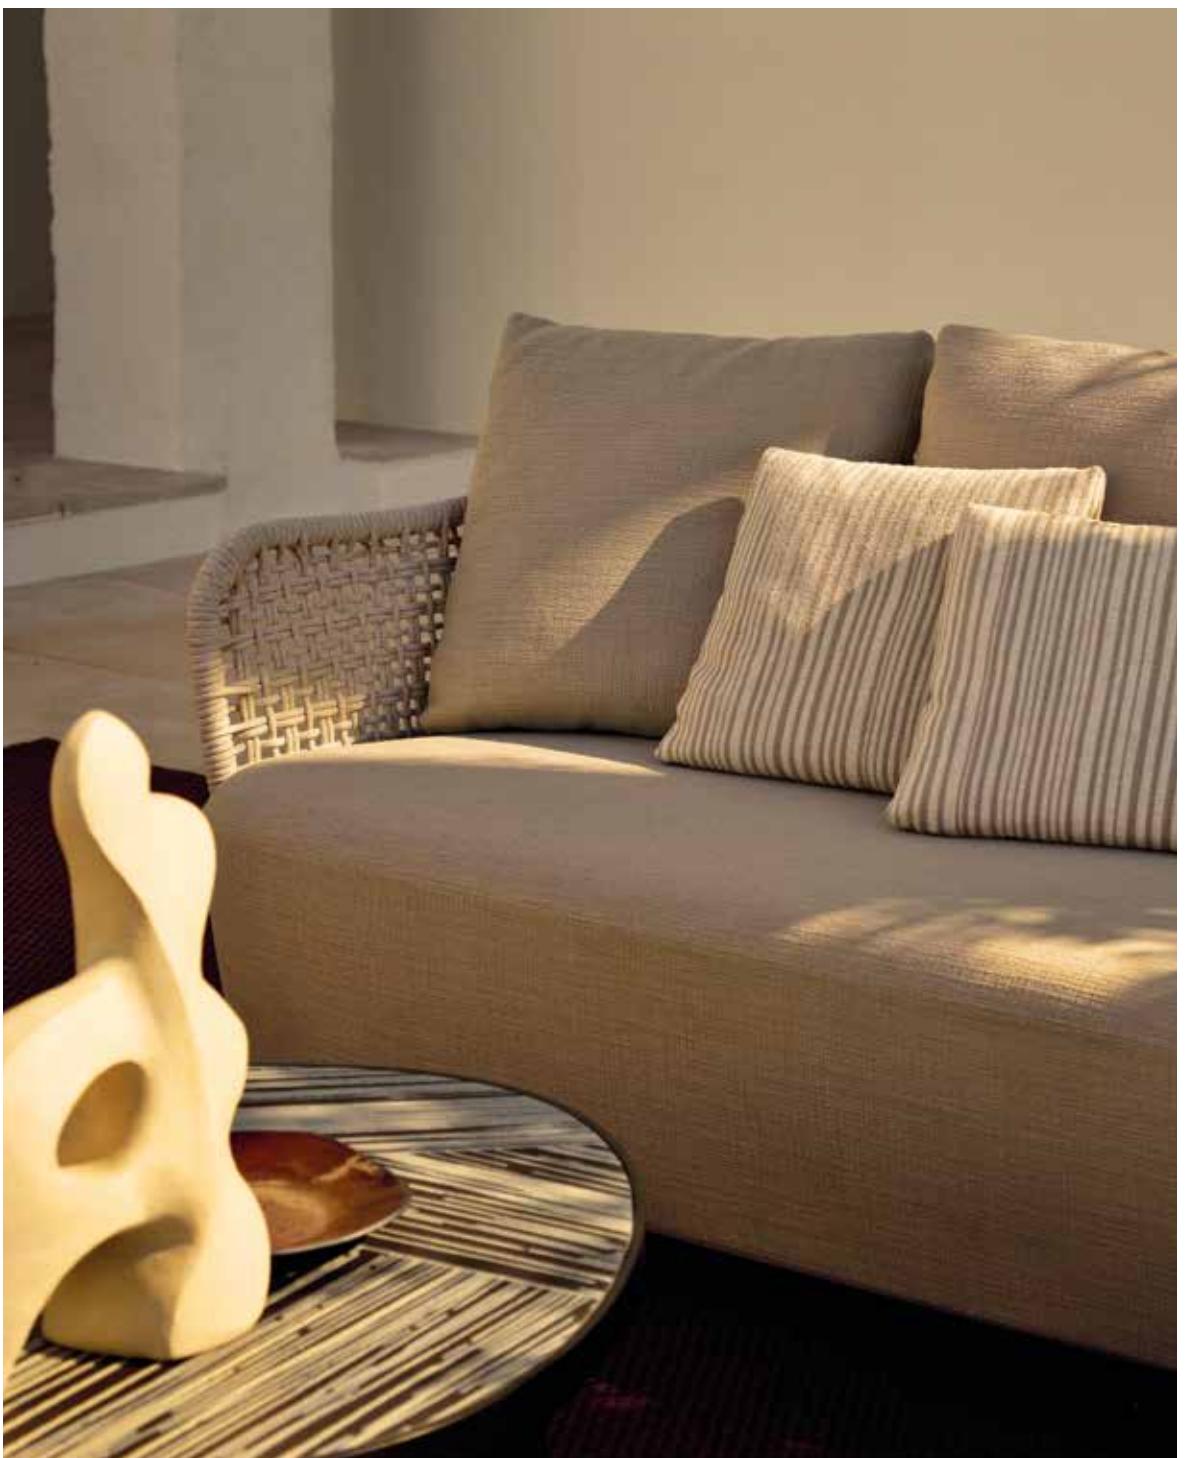

The Mad Out padded collection, designed by Marcel Wanders, is completed by the eponymous series of coffee tables. The lava stone top, in two different shades that depend on the very high cooking temperatures, can be embellished with a glass powder decoration, which creates an interesting contrast between opaque and shiny surfaces.
